UNJUDGED SINS CAUSE ALL WARS

REV. HAM SAYS WORLD WAR WAS WON BY THE FIGHTING SONS OF PRAYING FATHERS.

Evangelist Ham discussed as his theme last evening "How not to reap what you sow." He took for his text these words from Proverbs 28:13. "He that covereth his transgressions shall not prosper, but who-so confesseth and forsaketh his sins shall obtain mercy." His discussion took into account God's just method of dealing with sin in subjects of grace, and we give below some suggestions as to his message.

"Since we know that we are all sinners we grow careless, but God grants no indulgences. That is a trick of Rome practiced for the purpose of filling the treasury. Against this notion Martin Luther thundered his opposition as he propounded his doctrine of salvation by the grace of God. Protestant churches are guilty of a practice just as vicious when they continue in their fellowship prominent men for the sake of the financial support they give the churches.

"Grace does not belong to the perfect exclusively, but no sin ever goes unpunished. All sin must be judged and confessed. The first judgment for sin was in the ignominious death of Christ on the cross. In his death all sins were judged. But the guilty must judge their own sins. If you refuse to hear God's messenger and judge your sins, a calamity may have to come upon you to bring you to your knees. You who do not judge your sins do not appreciate the love of Christ or the grace of God. Cover your sins and you prove that you have not judged them. The nearer you come to God in Christ the more will your sins appall you, but far away from your God your spiritual ears become dull to the guilt of your sins.

"When you cover your sins you sow your sins as seed and you will reap what you sow. Sin winked at is sin unjudged. Look on any sin with toleration and you sow that sin as a seed. Cover your sins and you cannot prosper. When God's grace covers sins they are gone. His grace covers repented sins. What shall a guilty soul do? There is no grace save for judged sins. Judge your sins. Two thieves died by the side of the crucified Lord, and while one railed on him, the other judged his sins to hear the Savior say: 'This day shalt thou be with me in paradise.'

"No body is ever on the highway of hope until he acknowledges that he is a wretched sinner on his way to hell. Only those who die with Christ are raised with him in glory. Sin after salvation must be judged or it will dam. Repentance and faith are soul attitudes as well as single acts. The judgment of your sins is prerequisite to salvation. Unconfessed, allowed, unjudged, sins and sins committed after salvation, these all must be judged and put away. If God's people possessed rather than professed salvation there would be a pentecostal revival in Ada and the gospel would be as powerful as it was in the day of Paul.

"Your unjudged sins reflect on God, and so it is that wicked men do not revere God in this city. Let the church members here confess their sins and then wicked outsiders will tremble and cry for pardon. So long as preachers put on the soft pedal concerning the pet sins of their members there can be no revival. Some of your church members are justifying themselves and putting God to shame. There is nothing wrong with God, but the trouble is with old hypocrites in the churches.

Prohibition Aid To Strawberry Market They Say

By the Associated Press PHILADELPHIA, July 26.—Prohibition indirectly produced an extraordinary condition in the strawberry market this year.

Prices went higher than ever before because a Chicago packing house opened what was said to be the largest fruit preserving plant in the world in the heart of the strawberry district of Delaware and the eastern shore of Maryland and bought the product of great berry producing fields virtually without regard to cost to meet the tremendous demand for ice cream and soft drinks produced by the "dry" period.

Strawberries that normally sold for from five to ten cents a quart were snapped up at from thirty to thirty-seven cents. The price to the consumer never went below thirty cents this season. Strawberry syrup for flavoring soda water formerly sold at sixty-five cents a gallon is now quoted at \$3.50 a gallon.

Farmers are elated. Many of them made an average of \$1,000 an acre on their strawberry crop and they are looking forward to big profits next year.

The packers, when the strawberry season was over, sent their employees to other work and closed the factory.

DR. CRAIG'S FORD STOLEN LAST NIGHT

Dr. J. R. Craig was the victim of thieves last night, when someone entered his garage and took his Ford car. The car was missed about 10 p. m.

The thieves were very careful not to take the doctor's medicine case, but left it on the ground near the building where they secured the car. Doctor Craig says they heard the car when it was cranked but when he went out to investigate the machine was gone. The police department was notified and surrounding towns were called but at the hour of going to press no trace of the machine has been found.

TEXAS AND OKLAHOMA SOLDIERS AT DALLAS

DALLAS, Tex., July 26.—Headquarters of the Ninetieth Division Association, composed of former service men from every part of Texas and Oklahoma, have been opened here with A. J. Reinhardt, formerly a sergeant in the Ninetieth Division, in charge as secretary of the association. The work of the association will be devoted primarily to publication of a history of the division and to making plans for a reunion to be held October 11 at the State Fair of Texas at Dallas.

Major William R. Brown of Dallas, who commanded a battalion of the 359th Infantry, will be associated with the headquarters staff throughout the remainder of the summer.

It is planned, according to Sergeant Reinhardt, to compile and keep on file at headquarters a complete record of every member of the division, as well as the location of member graves in France. Twenty-five thousand copies of the first edition of a history of the Ninetieth, written by Major George Wythe, a former Dallas newspaperman, are to be printed and distributed immediately to members of the division and their families, he said.

LULL IN PEACE TREATY BATTLE

BOTH THE SENATE AND FOREIGN RELATIONS COMMITTEE ADJOURN THEIR LABORS.

WASHINGTON, July 26.—Shanting and reservations continued in the spotlight of official discussion today in both the executive and senate circles, though so far as surface developments were concerned there was a lull in the peace treaty fight. Both the senate and the foreign relations committee had adjourned until Monday and President Wilson had no republican senators on his appointment list today.

AIR SHIPS WILL FLY IN ADA TOMORROW

Ada will be entertained tomorrow afternoon with airship flights by an Ada boy. The plane arrived here this morning carrying Lieutenant Faucher and Corporal Roy L. Wax.

Mr. Wax is an Ada boy, the son of S. H. Wax. He saw several months service overseas and when discharged re-enlisted in the air service about two months ago. He told the News reporter this morning that they made the 150 miles from Tallifero Field at Fort Worth in 90 minutes. They are here on a week-end pass and of course both are enjoying the trip. The lieutenant is well acquainted in Ada, he having visited here on several different occasions. Mr. Wax is spending the time with homefolks.

Mr. Wax states that they will likely perform some air tricks for the entertainment of the citizens of Ada tomorrow afternoon. They are keeping the machine in the regular field at the Barringer ranch. They will return to Fort Worth Monday morning.

TEN MORE DAYS IN WHICH TO REACH AN AGREEMENT

By the Associated Press PARIS, July 26.—The supreme council at yesterday's meeting decided to grant the Poles and Czechs ten more days in which to reach an agreement on the difference concerning Teschen. If no agreement is reached at end this time the council will settle the difficulty.

Salvation Army Drive Is to Come Week Aug. 10-16

While the Salvation Army Home Service Fund drive is over in many parts of the country, Pontotoc county is going in to do her part notwithstanding the fact that she is late in getting started.

L. H. Harrell, of the law firm of Abney & Harrell, has been appointed county chairman for the drive and has accepted the responsibility. Mr. Harrell states that he expects to raise 15c per capita in this county and that he now has the work of organizing the county in hand. More details will be given in the News from time to time.

SIX KILLED BY BOILER EXPLOSION ON U. S. SHIP

By the Associated Press ON BOARD THE U. S. SHIP NEW MEXICO—(Wireless via Colon)—July 26.—Six men were killed today by a boiler explosion on U. S. S. Melville, the naval tender attached to the Pacific fleet, chief of staff, captain Twining, is advised.

It will pay you to watch the Want Ad columns of the News.

JOHNSON AND BENHAM, CONSULTING ENGINEERS, MAKE COMPREHENSIVE REPORT TO THE CITY.

Mr. Webster L. Benham, of Kansas City, one of the firm of Johnson & Benham, of Kansas City and New York, and one of the best known firms of consulting engineers in the United States, arrived in the city yesterday.

This is the firm which the city commissioners some time ago asked to make and submit a complete report and plans looking to the construction of a modern and adequate waterworks system for the city, including a new pipe line from Byrd's Mill spring, the necessary improvements at the spring and a system of mains and storm sewers within the limits of the city.

It has been known for some time that the equipment at the spring was in bad shape, that the steel main laid to the spring several years ago was eaten out and that the lines in the city were not adequate to take care of the city with its present population. The engineers were asked, for this reason, to make a complete report of the city's needs, not only for the present but for twenty years to come, with the idea of calling an election and voting bonds, if possible, to secure money with which to build the system.

The engineers have been working on the report and plans for nearly sixty days, and when the writer heard them read and saw the prints and plans flashed on the screen at the city hall last night, he was made fully aware of the reason for over a month's time having been taken for the work.

Mr. Benham was met at the city hall by the city commissioners, a committee appointed for that purpose by the Chamber of Commerce, and also a committee from the Lions Club.

The report was absolutely thorough, most scientific and comprehensive, and gives the city at least four different detailed plans by which it can remedy its water condition and avert a catastrophe for some time to come.

The News will begin a series of articles Monday in which every phase of the plans and specifications will be discussed, and will, from time to time, print all the news available on the subject if the bond issue election is called by the city commissioners.

Another meeting was had at the city hall this morning at ten o'clock at which was present full representation by all committees. At this meeting Mr. Benham again went into his report and plans and the proposition was discussed from many angles. Another meeting of the committees and all citizens who care to attend and inform themselves on the matter will be held at the city hall Monday morning. The engineer will not be present at this meeting.

TO MEN OF ADA.

You are invited to the tabernacle tomorrow afternoon at 4 o'clock to hear the sermon to men only. Rev. Ham will preach on "Adultery," and he is anxious that every man in the city, and every boy over 15 years of age, make it a point to be at this service. This sermon promises to be one of the best. Rev. Ham has yet preached in Ada.

CHAMBER OF COMMERCE MEET MONDAY NIGHT

The entire membership of the Chamber of Commerce will meet Monday evening at 8:30 o'clock at the Tabernacle. Important considerations to come up. Be there. Your interest may be involved.

CONGRESS WANTS 5-WEEK RECESS

RECOMMENDED THAT COMMITTEES WORK ON IMPORTANT MATTERS DURING QUIET PERIOD.

By the Associated Press WASHINGTON, July 26.—House majority leaders have decided to propose to the senate a five weeks recess of the house, beginning next week. Every effort in the meantime will be devoted to clearing the calendar. The plan contemplates that hearings on tariff, railroad and marine matter, war department instructions and similar committee work continue during the recess. Floor Leader Mondell held that attention could be better concentrated on these matters if the house was not in session. There were indications today that senate leaders might object.

TWO DIVORCE CASES FILED THIS MORNING

Two more divorce cases were filed in the district court today. This makes seven during the past three days, while only four marriage licenses have been issued.

One divorce case filed today was that of Minnie Atkeson against her husband, L. B. Atkeson. Mrs. Atkeson states that they were married November 23, 1911. They have two children, Pete, aged 7, and Harry, aged 5. Cause for divorce is that he struck her, cursed her, otherwise injured her, and abandoned her. Judge C. O. Barton represents her. This was the case spoken of in yesterday's News where Mr. Atkeson was ordered by Judge Busby to contribute \$3.50 weekly toward the support of the two boys. They live in the Bebee country.

The other divorce case filed is that of Cynthia Whitehead against her husband, Marion Whitehead. The Whiteheads live at Allen. Mrs. Whitehead sets out in her petition that they were married January 1, 1895, in Perryville, Ark. They have lived together since that date as man and wife and seven children were born to the union. Mrs. Whitehead claims that her husband was continually quarrelsome and abusive so that she could not live with him. She further states that he made no effort to support their minor children and finally in April of this year he abandoned her and went to Arkansas to live. She is represented by H. F. Mathis in her petition.

One Dollar Wage Ante by Mr. Ford Raised to "Five"

MT. CLEMENS, Mich., July 25.

The defense of the Chicago Tribune against the charge of libel brought by Henry Ford is nearing the end. It began nearly two months ago. Today Weymouth Kirkland, one of the Tribune lawyers, stated that little remained in the way of evidence. Alfred Lucking, senior counsel for the manufacturer, said he had considerable evidence to present in rebuttal.

Mr. Ford, who went on the stand eight days ago, concluded his testimony Wednesday and seizing his hat and murmuring something about "New York," was away in a hurry. His concluding testimony contained a defense of his son Edsel, for not becoming a soldier.

According to the witness, Mr. Ford made some very momentous decisions off hand, as in the instance of the celebrated \$5 minimum wage.

"Mr. Ford's first idea was to raise the pay of the men \$1 a day," testified John P. Lee, a Ford executive. "Jim Couzens said why not make it \$5 a day, and Mr. Ford said 'all right.' That's all there was to it."

Let a Want Ad get it for you.

Gov. Robertson to Speak Here at Confed. Reunion

The Wm. L. Byrd Camp Confederate Veterans are making great preparations for the forthcoming state meeting and reunion to be held here August 26, 27 and 28.

Among other entertainments offered are some of the best speakers in the state. The committee on arrangements has invited, among others the governor of the state, and he has assured them that if he is in the state, and if it is at all possible, he will be here on one of the days of the reunion and make an address. The governor's letter to the committee follows:

"July 21, 1919.
"Hon. Abe Crow,
"Hon. C. G. Neal,
"Hon. R. C. Roland,
"Ada, Okla.

"Gentlemen:
"Let me thank you for the kind invitation to be present at the old soldiers' reunion to be held at Ada the 26th, 27th and 28th of August and to assure you that if I am in the state I shall be present. I shall endeavor to so arrange my affairs that I can attend.

"Nothing gives me greater pleasure than to assist in any way in honoring the old heroes of the war between the states.

"Respectfully,
"J. B. A. ROBERTSON,
"Governor."

FINE BASEBALL GAME EXPECTED TOMORROW

A fine ball game is expected tomorrow when the Ada boys tie up again with the heavy sluggers from Atoka. The game will be called promptly at 3:30 p. m.

Several new men have been added to the Ada team again this week. Especially is the fielding strengthened and the third base. This will be the second time the Atoka team has played at Ada this season, and by winning the other game they make the interest greater. The local men will do everything in their power to win this game in order to even up the score.

BAPTISTS SCORE AT TABERNACLE TODAY

A good Saturday morning crowd attended services today at the tabernacle. Professor Ramsay took a vote of the denominations in the audience and found that half of the church members present were Baptists. He romped on the Presbyterians some, and the Methodists a great deal. He said he hoped all the converts in the meeting would join either the Baptist or the Presbyterian church. The Baptists, he said, deserved them as joiners, but the Presbyterians needed them most. Following a testimony meeting engaged in by scores and scores of people, all of whom praised the evangelists a great deal and God a great deal more, the Rev. Ham talked most interestingly on the story of David and Goliath on the theme: "Faith in God, and Not Circumstances."

DREADNAUGHTS THROUGH GATUM LOCKS YESTERDAY

By the Associated Press ABOARD U. S. S. NEW MEXICO, July 26.—Four dreadnaughts of the Pacific fleet, the New Mexico, Arkansas, Texas and New York, were lifted successfully through Gatun locks today and rested on fresh water of Gatun lake eighty-five feet above sea level tonight. This was the first attempt to negotiate a waterway with a fleet of dreadnaughts. Old battleships Georgia and Vermont joined the fleet at Colon today.

We had 340 in Sunday school last Sunday, which was a considerable increase over the Sunday before. Let's make it 400 at the First Baptist this Sunday. 7-25-2

GERMANY SHARES IN STRIKE PEST

WAR CURSED COUNTRY THREATENED WITH WIDESPREAD STRIKE MANIA AFFECTING ALL TRADES.

By the Associated Press BERLIN, July 26.—Employees to the number of thirty thousand of Siemens-Schubert Co., Germany's largest electrical firm, struck yesterday. A general strike of metal workers is expected today. Telegraph workmen and mechanics struck yesterday and a long threatened strike of lignite miners also began.

FINAL FLASHES.

By the Associated Press BERLIN, July 26.—Disorderly conditions in Strassburg, the capital of Alsace, were reported in advices reaching here today. Sanguinary conflicts between French military forces and civilians are alleged to have occurred.

WASHINGTON, July 26.—Announcement was made at the post-office department today, after a conference of pilots with second assistant postmaster general Praeger that the first aviators strike in history had been settled. Six aviators who refused to take government mail yesterday have been reinstated.

WASHINGTON, July 26.—Repeal of the Canadian reciprocity act of nineteen eleven was recommended today by the house ways and means committee. Some democrats joined with republicans voting for the repeal, but others held out for deferred action pending an investigation. The committee also voted to repeal ten per cent of the war tax on soft drinks but no record vote was taken.

WASHINGTON, July 26.—Some of the president's advisers today let it be known that they deprecated the action of some senators who visited the White House in placing their own interpretations on what the president said to them in statements for publication. With a view of discussing the general treaty solution, President Wilson went to the capitol today for a conference with Senator Hitchcock, ranking democratic member of the foreign relations committee. It was indicated that the president was considering the advisability of making some statement regarding his views on the proposed treaty reservations. It was said that such statement might be made before the president starts his western trip. The president will deliver numerous speeches before he reaches San Francisco August 15th, where he will review the Pacific fleet.

LIEUT. WILLIAMS RETURNS TO ADA, JUST FROM WAR

Lieut. C. C. Williams, who has recently returned from overseas, came to Ada last night. This is his former home.

Lieut. Williams is of sterling, strong, energetic Alabama stock and the kind of fellows who do things. He was raised an orphan boy and made great struggles to achieve success.

At the age of 20 he located at Ada and made a remarkable success as an attorney. When the call of his country came, without hesitation he responded to the call of duty and went to battle for the liberty of mankind and to fight for the people of Ada and of all the world.

He served in the army about two years and went over the top three times, making a remarkable record as a daring, brave and fearless soldier. It is hoped that our people will not soon forget the great sacrifices made and the service rendered by the soldier boys in the world war.

We are glad Lieut. Williams has returned, and we receive him with a glad hand as a patriot and a true soldier, and as a man possessed of all the elements of success. We hope that he will succeed in his private undertakings, since his return, as he did in the service of his country.

Let a Want Ad get it for you.

STATE BANKERS TO CONVENTION

THREE HUNDRED OKLAHOMA
BANKERS PREPARE TO
ATTEND THE BIG ST.
LOUIS MEET.

Approximately 300 members of the Oklahoma Bankers' association have already signified their intention of attending the annual convention of the American Bankers' association, which will be held in St. Louis September 28 to October 4.

Headquarters for Oklahomans at the convention will be in one of the leading hotels, the exact one to be decided later, and an adequate office force will be on hand at all times during the convention to make a complete registration of all bankers from this state who attend.

It is likely that several special trains will be arranged to handle the Oklahomans who go to the convention.

TULSA POOL HALLS ARE NOT TO OPEN SUNDAYS

By News' Special Service

TULSA, July 25. — Pressure brought to bear from quarters opposed to pool and billiard halls has caused the mayor to change his mind about the advisability of allowing pool halls to remain open on Sunday. Last week, following an appeal from pool hall operators, the mayor announced that the operation

of these halls would be permitted on the Sabbath. It was the belief of the mayor that there are so many oil field workers in Tulsa on Sunday that can find no other form of amusement that the open pool hall on Sunday was indeed a necessity. In letting the board of city commissioners and the spectators in on his finding the mayor pointed out that hundreds of men labored in the oil fields all

week spending Sunday in the city and that they derived much needed relaxation by "shooting a little pool."

In a manner of speaking the mayor has had a sudden change of heart. He has found that pool halls on Sunday cannot be tolerated for a minute. A delegation of church folk, it is understood, has waited upon the chief executive of the municipality and as a result there

will be no "pool shooting" in Tulsa on Sunday.

As balm for the depressed pool hall owners the mayor has reduced the license from \$2 per month per table to \$1 per month per table.

Have you surrendered your life to the Savior? If so, come to the First Baptist church Sunday morning. That will be the best proof in the world that you mean what you say. 7-25-21

Your Liberty Bonds Insured!

Believing that the public should be protected against theft of their Liberty Bonds, this bank has taken out, at its own expense, burglar and hold-up insurance that will fully protect every person who leaves their Liberty Bonds in our care.

You will be given a receipt for your bonds, the same will be placed in our vaults under this protection and you need suffer no uneasiness.

Hold Your Bonds for Better Prices

This bank advises its friends and patrons to hold their bonds for the present, as we believe that when crops begin to move to market that you will receive better prices.

If necessary to sell your bonds, however, we will handle the matter for you to the very best advantage.

Don't Be A "Business Cootie"

DEFINITION: A "business cootie" is one that comes late to work and is always first to put on his coat when the whistle blows. He is shiftless and careless in his work. And he gets by only because the boss hasn't noticed him yet.

The "business cootie" never has a bank account. His very method of living and handling his little personal affairs precludes his accumulating enough to get his name on a bank's ledger. The "cootie" is likewise a crab. Moreover, he's a nondescript both socially and industrially. He's a cross between the prodigal son and a mountain boomer.

Quit Your "Cootie Habits"

Put the snap of respectability into your walk—"cooties" just drag along. Get the business habit—get the pep of Americanism into your blood — GET A BANK ACCOUNT. It's the best preventive on earth for a case of "business cooties."

"SOLDIERS' DAY" AT STATE FAIR

VETERANS OF THREE WARS TO
CELEBRATE AT THE STATE
FAIR AND EXPOSITION
THIS FALL.

Veterans of the civil, Spanish-American and world wars will unite in a great victory celebration at the Oklahoma state fair and exposition, Oklahoma City, on Monday, September 22, soldiers' day. The victory celebration will be statewide in character, as soldiers will attend from every section of Oklahoma.

Elaborate plans are being worked out now by various soldier organizations with the management of the Oklahoma State Fair and Exposition to make the day one of the big features of the thirteenth annual state fair.

National commanders of the Grand Army of the Republic and of the Confederacy will be invited with Carl C. Van Dyke, head of the Spanish-American War veterans, and Lieut.-Col. Theodore Roosevelt who is in charge of the organization of

Suffered Three Years with Rheumatism, Catarrh and Stomach Trouble, Since Taking No. 40 Feels Fine

Gary, Ind., April 25, 1919. "I suffered for over three years with chronic rheumatism, catarrh, constipation, stomach trouble, bad blood, nervous spells, aching limbs, so I could not sleep. Saw an advertisement in the daily paper about Mendenhall's Number 40 For the Blood. Thought I would give it a trial. Although I was discouraged, as I had doctored with a number of physicians and tried numerous medicines without receiving any benefit. I have taken but two bottles of Number 40. Can eat anything I want without fear and am not near so nervous and am feeling fine. I am now starting on my third bottle. Mrs. Gostine Rainey, 2270 Jefferson St." 40 is demanded in poisoning, gouty conditions, malnutrition, auto-intoxication, constipation, liver and stomach troubles. Believed to remove and prevent gall stones, appendicitis. Successfully used in eczema and skin diseases. Used with phenomenal success in chronic rheumatism, catarrh, lumbago, myalgia (pain in the muscles, muscular rheumatism or neuralgia), glandular swellings, scrofula, mercurial and lead poisoning, abscesses, sores, ulcers, boils and carbuncles. Sold by Gwin & Mays Drug Co.—Adv.

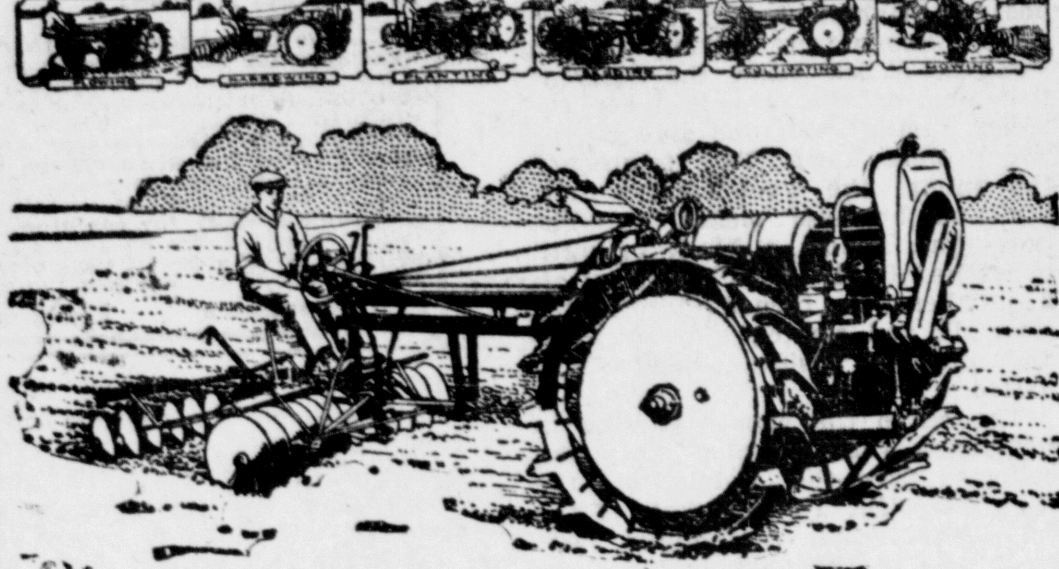

the veterans of the world war.

For several years the Oklahoma state fair and exposition has set apart a day for the veterans of the Civil and Spanish-American wars. Soldiers' day has become a fixture in the state fair program, but this year because of the successful ending of the world war, it was thought fitting to extend the scope of the

day and make it a victory celebration.

We make city loans on monthly payment plan, or straight loans. See us if you are thinking about making a loan.—R. E. Brians Company, Phone 469, Haney-Norris Building.

ONE MAN OPERATES BOTH TRACTOR AND IMPLEMENT

One Man Discs 27 Acres a Day with the New

MOLINE

It Solves The Farm Help Problem

Discing is rapidly and economically done with the new Moline-Universal Tractor, Model D, one man with an 8-foot tandem disc harrow covering 27 acres in ten hours. With a 10-foot disc harrow he covers 38 acres, and with a 20-foot peg-tooth harrow 76 acres.

The light weight of the Moline-Universal Tractor, 3,380 pounds, makes it especially adapted for discing and similar work, as it does not pack the soil and uses but little fuel, running on less than half throttle most of the time. It is light, but more than enough power to pull two 14-inch plows at high speed, all its weight being traction weight.

The Moline-Universal Tractor attaches directly to the implement and forms a single, compact unit with it that is controlled by the operator from the seat of the implement. One man with the Moline-Universal does as good work as two men with the average tractor.

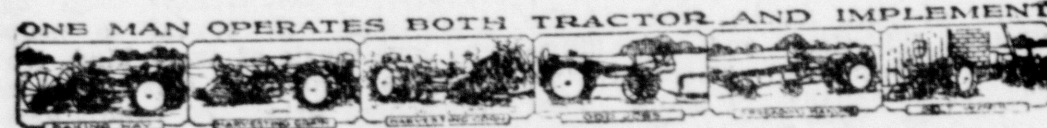

The Moline-Universal is adapted for all classes of farm work. Its high

clearance, 29½ inches, makes it ideal for cultivating, and it is equally well fitted for planting and harvesting. In addition, it has ample power for belt work, pulling a 24-inch grain separator or 15-inch ensilage cutter with ease.

There is work on the farm every day in the year for the Moline-Universal Tractor. It will do every field operation that can be done with horses and do it better, faster, and cheaper. This is why the Moline-Universal really replaces horses, and, at the same time, by enabling one man to do much more work than ever before possible, solves the farm help problem.

The detailed construction of the new Moline-Universal, Model D, is the best it is possible to manufacture. Perfected 4-cylinder overhead-valve engine, electric starting and lighting system, complete enclosure of all working parts, and fifteen Hyatt roller bearings, are a few of the main features.

We invite you to examine this machine at your earliest opportunity.

A Banker Once Said to a Fifteen-Dollar-A-Month Farm Hand:

"No, we don't want your little ten-dollar deposit. You'd check it out in a few days and we'd have our ledger page mussed up for nothing. You'll have to hunt another bank."

The above is a true story, and the incident occurred at Mansfield, Texas. The farm hand is now president of the Merchants and Planters National Bank at Ada. The "big banker" who turned down this little deposit twenty-five years ago amounts to little more today than he did at that time.

To be friendly, courteous and helpful to small depositors as well as large ones is an indispensable matter in modern banking. The banker must have friends if he is to have business.

It is equally as necessary that the individual have the friendship and confidence of a good bank. These can be attained by connecting yourself with a bank—open an account, nurse it, increase it, borrow money and pay when it is due, make good in every particular, though it be only in a small way. After a while you will be enabled to make good in a large way. And you'll never find any friend more willing to help you than the banker with whom you have dealt fairly and promptly. This bank invites your friendship and your account. We are daily helping beginners to get on their feet. We can help you.

REMEMBER THIS:

Your business will be welcomed here. We won't treat you as shabbily as the fellow at Mansfield, Texas, treated us.

A NEW HOUSE? BUILD IT NOW.

For more than two years building has been going on only as absolutely needed, with very little attention being paid to up-keep and maintenance. In fact, both building and up-keep were discouraged. It was the patriotic thing to get along as well as possible with what we had. Appearances had to give way to thrift.

Now things have changed. The tension is released. The building and repairs which have been put off should be delayed no longer. Putting our money to work will not only make better business, but will help in the readjustment of labor conditions all over the country. Countless laborers are being released from the army every day. To absorb this supply of labor, industries of all kinds should speed up as much as possible.

Why put off the construction of a new building or repair of an old one? There is no sign of lower prices. Waiting for low prices in high-price times is like waiting for rain in a desert country.

IMPROVEMENTS MADE AT ADA HIGH SCHOOL

The changes and improvements that are being made at the high school indicate big plans and great things for the boys and girls for next year. To the casual observer not a great deal of this is apparent but a visit inside will convince one that the improvements are real and mean much to the institution in the way of efficient service.

The first change that the visitor notes is the library. This important feature of school work has been more or less a joke in the local school, but it has been moved from its crowded quarters on the second floor and given a suitable room on the second floor. In this room there have been installed new and up-to-date bookshelves, bookshelves, railings, reading tables, etc., and more than one thousand volumes, selected particularly for their utility in the school work. The library will be organized in the latest approved manner under the direction of the English department and its use will gradually be extended to the public.

The next marked improvement is found in the basement where the two rooms on the west side of the building are being overhauled and fitted up for the manual training department. In the north room will be installed nine new work benches, enough to accommodate eighteen pupils. These benches are of special pattern and are being manufactured now by one of the leading makers of such equipment. A new outfit of bench tools and general stock tools have been ordered and this part of the school can be put down as the most up-to-date in this part of the state.

The south room on the west is being fitted up as a combination machine and bench room. Four benches accommodating eight pupils will be installed in this room. Besides these there will be an American table saw, jointer, mortise machine, tool-sharpener and lathes. This room can be rated as most up-to-date when the machinery arrives and is in place.

On the east side the two rooms will be devoted to the department of domestic economy; the north room as the sewing room, the south room as cooking and school lunches. These departments will rank with the best in the state in the matter of quarters and equipment when they are finished.

The lavatories and baths will be in the front of the basement and plumbers are already installing an up-to-date sewerage system and shower baths with hot and cold water.

The science department is receiving much needed attention. New physical and chemical apparatus is being installed, orders for the most useful and practical equipment already having been made. Apparatus rooms are being fitted up in the attic and every necessary arrangement is being made to make this department up-to-date.

The large central room on the first floor is being fitted up to accommodate the new federal course that is being introduced for the first time into the local high school. The department of agriculture patronized and materially supported by the U. S. government will have this room as its laboratory.

On the outside changes are beginning to be observed. The bare, unsightly spaces between the walks and the building have been set in grass, the lawns are being trimmed and as the seasons arrive it is planned to put out hedges along the

borders and flower beds and vines on the grounds. Much attention will be given to beautifying the grounds with a view of making it a community resort. Play grounds have been laid off and already work has begun on the tennis courts. These courts are being clayed and will be the best in town when they are finished. Mr. E. O. Rogers has charge of this work.

When all plans are perfected the high school will be an all-the-year-round feature of Ada life as it is being designed along broader lines not merely a place for boys and girls to go to school. Mothers and fathers and other grown-ups are going to find the high school useful to them as well.

High School Notes

Mr. William R. Curry, at present one of the state inspectors for vocational training, has been secured as head of the department of vocational agriculture. He will move his family to Ada about the first of August.

The public will be invited to use the play grounds during the summer months. Clay tennis courts, volleyball, and out-door basketball courts are some of the attractions projected.

The following high school teachers are taking special courses looking to the broadened work in the school as follows: Mr. Rayburn and Mr. McCallister at the University of Oklahoma, Miss Joiner at Columbia University, New York, Miss Gordon at the University of Colorado, Miss Cameron at the Kansas State Manual Training Normal, Mr. Bradshaw at Stout Institute, Menominee, and Miss Norwood at the Gem City Business College, Quincy, Ill.

New books for the library are arriving daily and new typewriters for the commercial department are already on hand.

Mr. Rayburn, at the end of the University summer term will visit the H. S. V. U. S. encampment at Camp Roosevelt. Mr. Rayburn will have charge of the military company and athletics next year.

Ada Playhouses

AT THE AMERICAN.

Miss Marguerite Clark will be seen at the American theater again tonight after a long absence. Miss Clark is one of the most popular stars especially among the children. The picture tonight will be a Paramount production called "Three Men and a Girl" and is taken from the popular story "The Three Bears."

Foster McSwain, Ada's popular theater man, is certainly putting forth a strong effort to make his show house the most popular as well as the most comfortable place in the town or surrounding country.

It is very flattering to the management to have so many cars driving in from neighboring towns to enjoy the programs at the American.

AT THE LIBERTY.

Again it is Saturday and "Red Glove" night at the Liberty. Those fortunate enough to begin this splendid serial with episode No. 1 are certainly enjoying a treat each Saturday evening. Tonight there will be several feet of current events and popular cartoon work and a funny L-KO Comedy picture that will make you "fairly hold your sides to laugh."

AS TO THE LAW ABOUT FORTUNE TELLING CRAFT

Since the Star Democrat has seen fit to break into the controversy (as he calls it) published in The Ada Evening News of July 21 and 22, which was based on fortune telling, and inasmuch as they might keep the record straight, and since I am very much in favor of keeping it straight, I will assist them in so doing. I am quite sure that the Star Democrat has failed to read my article right and therefore does not know just what is meant when I make the statement that there is no law in this state against fortune telling.

I meant just what I said, for the law only makes fortune telling an offense where there is a fee charged, or where gifts and favors are bestowed on the teller for the service, but in the absence of both, there could be no offense. Fortune telling could not be an offense per se, but the receiving of gifts and charging of a fee makes it penal, and it is not the telling of fortunes, for that would come under the meaning of free speech, which cannot be prohibited under the constitution as it now is. There are two statutes which include fortune telling. One is where the teller receives fees or gifts or other things in payment for the service, and the other is where one is going about the streets telling fortunes as a vocation, which comes under the vagrant law, and one may be classed as a vagrant and dealt with as such.

The mere fact that a person may tell the fortune of another could not amount to an offense, or a crime, for the leading condition of criminality would be absent, which is a criminal frame of mind, and could not amount to crime. I am sure that the author of this bill did not intend to deprive the person of the right or privilege to tell fortunes, nor do I believe that he intended to deprive the person of the right to have his fortune told, but his sole and only intention was to prevent fraud and graft, and when the ban was placed on it and the law declared that the tellers could not receive anything of value for their service, there would be no incentive to cause the teller to commit an offense, and would be only resorted to as innocent amusement.

Now since the law maker has seen fit to remove all hopes of obtaining money for telling fortunes, in my judgment should one desire to continue to tell fortunes, without compensation, there could be no harm, and if there is no harm there could be no punishment, and if there is no punishment there could be no law.

LARGE INCREASE IN ESTIMATE FOR COUNTY

According to the county estimate which was published this week it will cost \$44,000 more to run Pontotoc county this year than it did last. There are increases in all parts of the county government.

The appropriation in the executive department for this year was \$16,375.93; the estimate for next year is \$21,015.

In the administrative department this year's appropriation was \$17,582.23; next year they will need \$21,356.

Regulative this year they had \$2,803.00. Next year they ask for \$3,500.

In the judicial department this year they had \$15,430.76. Next year they want \$18,630.00.

In the curative department they had \$5,105.91. Next year they ask for \$5,220.00. This is the smallest increase given.

In the charitable department this year they had \$4,957.23. Next year they want \$7,000.00.

For the general government this year they had \$15,700.07. For the coming year they ask for \$10,450. This is a decrease of more than \$5,000.

In the agricultural department this year they had \$13,464.32. Next year they ask for \$5,330. This is a decrease of more than \$8,000, due to the winding up of tick eradication in the county.

In the constructive department this year's sum was \$53,810.83; next year they want \$95,100.

Separate school this year the appropriation was \$5,884.88. Next year they want \$2,645, a decrease of more than \$3,000.

The accrual on bonds this year was \$5,959.72. Next year they will need \$11,000.

The total amount appropriated for this year was \$157,074.87. Next year they ask for \$201,246.00.

In the tick eradication work the amount used this year was \$12,000. Next year they ask for only \$2,000, a decrease of \$10,000.

WOMEN IN RUNAWAY LOSE THEIR CARGO

Three negro women in a one-horse buggy caused a great deal of excitement and merriment on West Twelfth street yesterday afternoon when the horse they were driving became frightened and ran away.

The women were driving west on Twelfth. When near the Masonic hall one of the wheels from the buggy ran off and one side of the animal the women were driving and business picked up. The horse ran almost a block or until it reached Fred Brydia's abstract office where it turned across the sidewalk and started into Mr. Brydia's place of business. Here it was halted.

The cargo the women carried in the buggy was "hog slop" they had collected from the hotels of the city. They had three buckets of the "slop" and when the buggy went down one of the buckets fell from its bearings and went into the face of one of the women. To make the situation more comical the small son of Wayne Wadlington picked up the wheel after it fell from the buggy and ran down the street following the buggy rolling the wheel in front of him. None of the women were hurt.

EDISON RECREATIONS

FOR AUGUST OUT

On the August list of RECREATIONS for the New Edison, Carolina Lazzari, leading contralto of the Metropolitan Opera Company, sings two old favorites "Oh Promise Me" from Robin Hood and the "Sweetest Story Ever Told."

Alice Verlet, the Belgian Song Bird, sings two selections especially adapted to her marvellously flexible, limpid voice, "Le Toreador" and the "Waltz Song" from Romeo and Juliet. The celebrated "Bread of Angels" from Messe Solenne is sung by Jacques Urtus and "Oh Joy! He's Saved" from the opera of Il Trovatore is rendered by Marie Rappold and Taurino Parvis. "No Longer As I Annetta" is sung by Frieda Hempel and there is a tenor and bass-baritone duet "Lost, Proscribed" taken from the opera Martha.

The remarkable girl whistler, Sibyl Sanderson Fagan, who has elevated the art of whistling from a childhood accomplishment to the realm of pure music, gives us the "Little Whistler" and the "Simplicity Intermezzo." There are two charming ballads "Wishing That Dreams Would Come True" sung by

FORTY YEARS A DRUGGIST

He Endorses PERUNA

Read this from Mr. L. A. Richardson of Marine, Illinois:

"I have been engaged in the retail drug business here for the past forty years. During this time I have seen many patent medicines come into use, flourish for one or two years and then gradually disappear. There are very few of these remedies that possess enough real merit to insure them long life. Peruna has always been a good seller with us, with a marked increase from year to year. The change in the formula some years ago, by the addition of the slightly laxative properties, has made it a reliable remedy for constipation and for colds. If taken hourly in tablespoonful doses by adults it will break up the worst cold in two or three days' time. I take pleasure in urging my brother druggists to recommend it for these two ailments."

Sold Everywhere

Liquid or Tablet Form

Ask Your Dealer

Edward Allen, and "Won't You Come Back to Me," a soprano solo by Leola Lucey.

The Wo Girls Quartet give "The Glowworm," an old favorite, in a particularly artistic and appealing way and the Homestead Trio of female voices sing the charming "Dusky Lullaby" by Gilberte. Armand Vecsey and his Hungarian Orchestra have rendered the "Rococo" Intermezzo and a "Serenade in B Flat Minor" composed by Rachmaninoff, the great Russian pianist, who is regarded by musical critics as the greatest musician in the world. There are two religious numbers, a selection from St. John, the hymn "Precious Name," the "Twenty-Third Psalm" and "He Leadeth Me," rendered by the Rev. William H. Morgan, D. D., and the celebrated Calvary Choir.

Two dainty songs that you will like are "Ev'rybody Calls Me Honey" and the "Waltz Alabam," which is described as a dainty waltz dream. There are four rattling good dance numbers "Jazz de Luxe"—Fox Trot, "Sensation Jazz One-Step," "Djer-Kiss Waltz," and a Fox Trot, "Egyptland," which are all the rage on Broadway. Two of the latest negro songs, "Nigger Blues" and "Satan, I'm Here," are typical of this popular style of syncopated composition. The New York Military Band gives two selections "Bay and the Birds," a characteristic band number which introduces several novelties of instrumentation that are very effective; and "Sliding Sid," an amusing composition which brings out the astonishing possibilities of the slide trombone.

Altogether, this list of RECREATIONS is remarkably well balanced and will appeal to people who love music of every kind, from the latest Broadway Jazz to the imperishable arias of the grand operas.—Adv.

Ruth Coker's Name Omitted. In the list of eighth grade graduates given us by city superintendent of school Hickman, and published in yesterday's News, the name of Ruth Coker was omitted. Miss Ruth was in the office this morning with her diploma to show that she belonged in the list. Examination of the copy revealed the fact that the superintendent had unintentionally left the name off the list.

At Tabernacle Tomorrow.

The sermon tomorrow afternoon is "Adultery." It will be for men only. A large crowd is expected. The big revival is now well into its third week. The attendance is still as large as during the first week and seems to be getting better. The evangelists say they fully expect this revival to be one of the best they have ever held.

In discussing why people do not have success in life the preacher stated that it was all because they do not humble themselves and obey God. He turned to the reporter and told him to call attention in The News to Second Chronicles, Seventh Chapter, Fourteenth verse. The verse reads as follows: "If my people, which are called by my name, shall humble themselves, and pray and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land." He also called attention to Hebrews 12:5-11.

BULGARIAN PEACE DELEGATION HAS ARRIVED AT LYONS

By the Associated Press. PARIS, July 26.—The Bulgarian peace delegation arrived at Lyons station at eight o'clock this morning. The delegates were escorted in autos to Chateau Madrid at Neuilly.

SIDELIGHTS ON THE REVIVAL

Mr. Ham offered his sympathy to Francis last night because of that city's having to receive the dancers that Ham had driven out of Ada. Mr. Ham says the dancers go to Francis now.

Rev. C. C. Morris of the First Baptist church read a set of resolutions last night which were passed by his official board yesterday. They will be printed in the News Monday.

Mr. Mashburn from Shawnee was in the city last night and attended the big revival. He was called upon to make a talk and stated that the good Ham and Ramsay did in his city could not be estimated. He stated that they opened the churches on Sunday and closed the picture shows, something nobody else had been able to do.

At the close of the sermon last night Mr. Ham asked for all men who had been using the name of God in vain and were ready to quit it to come forward and give him their hands. A large number came. He then asked for all women who had previously looked with favor on the dance but were now willing to renounce it to come forward. A large number came on this proposition, among them many Normal students.

Before closing last night Mr. Ham asked that all members of official boards in the Methodist church who were ready to reconsecrate their lives and denounce all the evils he had been preaching of since his coming to Ada to come forward and give him their hands. Thirteen came up. The same number came when he called on the Baptists. Of the Christian church ten came. A like number came from the Nazarenes, but when he asked for the board members from the Presbyterian church there was no response.

W. L. McAnally, one of the most regular attendance at the revival services, says he compares the preaching of Mr. Ham to the work of the government in the late war. When the war work first opened the people were slow to take hold and many did not support it. Later on the work was so strongly impressed upon them that they thought of nothing else. When Mr. Ham first opened the big revival many people did not take him seriously, but the time is soon coming, according to Mr. McAnally, when the people will think of nothing else but what Mr. Ham is saying.

The same sermon preached by Mr. Ham Thursday morning was repeated Friday morning. The text was taken from the fourth chapter of Galatians. The sermon was repeated because of many requests.

The same settings are all coming for the big children's concert to be given at the tabernacle next Tuesday night. There are 300 children in the concert, ranging in years from 6 to 16. A large cross on which are found forty-eight red and blue electric globes has been erected in the middle of the center section of the choir rostrum. There are also thirty-two additional globes of these colors arranged as to give the desired effect, with a switch board in the center of the speaker's stand. Mr. Ramsay says he will put on the best concert of its kind ever seen in Ada or anywhere else in the world. He says further that he is the only man living or dead that could get up such a concert and you had better make your plans right now to be present Tuesday night.

News Wants

TOO LATE TO CLASSIFY

WANTED—Clean cotton rags. News office.

J. H. Wood returned today from a business trip to Tulsa.

Mrs. D. E. Martin from Menlo, Ga., is here on a visit to her brother, John Agnew.

Marvine Brydia and Pearl Montgomery left yesterday for a week's visit at Coalgate.

Miss Marguerite Johnson went to Coalgate today for a week-end visit with her mother.

Superintendent J. E. Hickman of the Ada schools left today for a visit to his parents at Coleman, Texas.

Generally fair tonight and tomorrow is the weather man's prediction for tomorrow for Ada and vicinity.

Miss Vera Daggs, Mr. Elbert Reed and his sister, Miss Madeline, went to Tishomingo today for a few days visit.

E. W. McCarter of Coalgate returned to his home yesterday after several days visit to Miss Marguerite Johnson.

Fifty-seven trunks were loaded onto the southbound Katy passenger this morning. It looks as if the Normal girls were leaving.

Miss Anna Mae Braly, of the News reportorial force, is on the sick list today. She fainted at the office yesterday afternoon and had to be carried home.

Mrs. Etta Norton from Marietta, who has been here attending the summer Normal, returned to her home today. While in Ada she stayed with her sister, Mrs. Wax.

A message from Miss Leone Steed who is studying during the summer in New York states that she is delighted with the big village and is having a delightful time.

Mrs. S. Warwick from Canton, Ohio, and her daughter, Mrs. Art Wilson from Okmulgee, came in this afternoon for a visit at the home of Mr. and Mrs. R. R. Robinson.

C. C. Ericson, former Ada man who has been in the navy for about two years, has been discharged at New Orleans and a message states that he will arrive here in a few days.

Prof. E. O. Davis, superintendent of Roff public schools and who taught in the history department of the summer normal, left today for Chicago for a six week's course in the University of Chicago.

E. A. Duke, state supervisor of rural schools, is in the city today. While here he is helping Mr. A. Floyd, county superintendent, to perfect the combining of the three school of Latta, Elm Flat and Knox.

Miss Reed Loving Watt, assistant English teacher, since 1909, has resigned her position to accept a position at East Central located at Ada at an increased salary. Miss Watt has given the best of her ability here and there are many people indebted to her for the correct English they use and her leaving is indeed a loss to the school. The school and community wish her success in her new position.—Renfrew's Record, Alva, Oklahoma.

Wayne Wadlington, I. M. King and Roan Sugg went to Blue yesterday for a day's outing and fishing.

Miss Ednah Spriggs of the Normal faculty left today for her home at Springfield, Mo., where she will spend her summer vacation.

GO TO CHURCH SUNDAY!

LET'S BUILD A BETTER CITIZENSHIP

Commercially, as well as socially and spiritually, Ada is already a "DOUBLE A" city, but we are yet far from perfection. Let's build the moral and spiritual structures of Ada so staunchly that our town will be looked upon as being by far the best place in Oklahoma to rear and educate a family.

Regular attendance upon the great revival is a step toward the accomplishment of this aim. Go to church tomorrow.

Building Campaign On In Full Blast

Not the one that has to do with our temporal life only but the building that is for TIME and ETERNITY. The slogan is "GET RIGHT WITH GOD" and it is the DUTY of every CHRISTIAN to do his or her part in putting Ada and Pontotoc county on the map as a place where the teachings of Jesus Christ are UNDERSTOOD and OBEYED. If any of us have not been doing our part let us put our shoulder to the wheel beginning tomorrow morning and from this time until the close of the HAM-RAMSAY CAMPAIGN be found doing the things that we should do in this meeting. DON'T FORGET the Sunday School in the church of your choice at 9:45 tomorrow morning and from there to the tabernacle for the 11 o'clock service.

Dascomb-Daniels Lumber Company

IS THERE A GOD?

(By M. F. HAM)

I find that by careful application man can reproduce the automobile and the steam engine; but he cannot reproduce the smallest production of nature, a leaf or a snowflake.

Man can build a printing press, a wonderful composite of intricate mechanism, but he cannot reproduce a system to bring down rain.

Man can make watches without number, but he cannot reproduce the great time-piece which hangs in the heavens.

And since the design not only reveals the existence of the designer but is also proof of his skill, the design which is impossible to man must be the product of an intelligence superior to man. And as man himself must have an origin we might as well reasonably conclude that the intelligence which is responsible for man is also responsible for the creation around him. Herbert Spencer may call it infinite and eternal energy, but we will call it infinite, eternal, intelligent energy and power—God!

The existence of God is an inbred conviction in man. Even the heathen realize that there is a supreme power or being.

As Plutarch says, and he was the greatest biographer of antiquity: "If you will take the pains to travel through the world, you will find towns and cities without walls, without letters, without wealth, without money, without theaters and places of exercise; but there never was seen, nor shall be seen my man any city without temples and gods or without making use of prayers, oaths, divinations and sacrifices for the obtaining of blessings and benefits and the averting of calamities and curses. Nay, I am of the opinion that a city might better be built without any ground to fix it on than a commonwealth to be constituted altogether devoid of any religion and opinion of the Gods or, being thus constituted, be preserved."

The hunger for God is as universal as the hunger for bread.

The instinct for worship is as universal as the instinct to eat. And it is a universal law that no creature has an instinct that is not responsive to an existing fact. When first born, the babe, the calf or the kitten instinctively seeks its nourishment. Nobody ever taught it. That instinct is responsive to the fact that the nourishment is there for it. By instinct the bird builds its nest, the bee constructs its honey-comb of marvelously accurate hexagonal cells. Nobody ever taught them. Their instinct is responsive to the fact that the nest and the cells are necessary to the rearing of their young and the storing of their food. Does it not follow that man's instinct to worship is responsive to the fact that there is a being worthy of his worship and to whom he owes worship? It is just as easy to show that no other god man has ever found or devised or conceived meets the requirements of a God worthy of worship as Jehovah does. No other has the necessary attributes.

Sir Isaac Newton had a friend who, like himself, was a great scientist; but he was an infidel, while Newton was a devout believer, and they often locked horns over this question, though their mutual interest in science drew them much together. Newton had a skillful mechanic make him a replica of our solar system in miniature. In the center was a large gilded ball representing the sun, and revolving around this were smaller balls fixed on the ends of arms of varying lengths, representing Mercury, the Earth, Mars, Venus, Uranus, Jupiter, Saturn, etc., in their proper order. These were so geared together by cogs and belts as to move in perfect harmony by the turning of a crank. One day as Newton sat reading in his study with this mechanism on a large table near him, his infidel friend stepped in. He was scientist enough to recognize at a glance what was before him. Stepping up to it he slowly turned the crank and with undisguised admiration watched the heavenly bodies all move in their relative speed in their orbits. Standing off a few feet he exclaimed, "My! what an exquisite thing that is! Who made it?" Without looking up from his book, Newton answered, "Nobody!" Quickly turning to Newton the infidel said, "Evidently you did not understand my question. I asked who made this thing." Looking up now, Newton solemnly assured him that nobody made it, but that the aggregation of matter so much admired had just happened to assume the form it was in. But the astonished infidel replied with some heat, "You must think I'm a fool. Of course somebody made it, and he is a genius, and I'd like to know who he is."

Laying his book aside, Newton arose and laid a hand on his friend's shoulder and said: "This thing is but a puny imitation of a much grander system whose laws you and I know, and I am not able to convince you that this mere toy is without a designer and maker; yet you profess to believe that the great original from which this design is taken has come into being without either designer or maker! Now tell me by what sort of reasoning do you reach such incongruous conclusions?" The infidel was at once convinced and became a firm believer that "Jehovah, He is the God." (11 Kings, 18-39.)

RUGS

This store is recognized by well informed shoppers as the best place in Ada to buy rugs. Our assortments are as good as you will find in the cities, and our prices are lower than you will get in the big stores.

FURNITURE

Take a look at our superb line of stuff before you buy anything in the furniture line. We sell full-value goods and warrant them to stand up on the job.

THE SUCCESS OF A. L. SCOTT

The A. L. Scott Lumber Company is one of the largest dealers in lumber in the United States. Interests of this institution dot the map in many places, showing where the hand of a master lumber man has wrought and achieved success where others failed.

This gigantic success is due to strict adherence to the policy of treating the customer right. This fair-treatment policy is followed the same in the Ada yard as elsewhere.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly... Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last... two weeks, and was so weakening, and my health was awful.
My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui.
I am married now and have 3 children... Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."
If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

MEXICANS SEIZE 21 AMERICAN HORSES

EL PASO, Tex., July 25.—Despite protests made by the United States state department to the Mexican government, Mexican government officers Wednesday seized 21 head of horses belonging to the Babicora Cattle company in western Chihuahua. The Babicora company is owned by the estate of Mrs. Phoebe Hearst. On July 11 General Enriquez demanded 100 horses from the Babicora company. General manager John C. Hayes refused to comply with the demand, informing General Enriquez the ranch had been robbed so often the horses could not be spared. Twenty-seven horses were taken July 14. At the time protests were made through the state department and through the American consulate in Chihuahua City.

If hot weather saps your energy and you can't work well, it is a sign that your system is full of bilious impurities. You will be sick if you do not do something. Take Prickly Ash Bitters, it cleanses the blood, liver and bowels, restores strength, vim and cheerful spirits. Price \$1.25 per bottle. Gwin & Mays Drug Co., Special Agents.—Adv.

75 Cent Cotton Is Seen.
By News' Special Service
CHICAGO, July 25.—Predictions that cotton may rise to 75 cents a pound within a year were made at the fourth business builders' conference, held under the auspices of the Dry Goods Reporter. Southern merchants blamed the manufacturer for high prices of finished products. One speaker declared no estimate of future prices of cotton goods could be made at this time.

If your appetite is poor and your stomach and bowels out of order the remedy you need is Prickly Ash Bitters. It cleanses the system of bilious impurities, sharpens the appetite and makes you feel fine. Price \$1.25 per bottle. Gwin & Mays Drug Co., Special Agents.—Adv.

Get our rates before you make your loan, we have several plans for city loans.—R. E. Briens Company. Phone 469, Haney-Norris Building.

Don't forget where to get your oil and gas leases, assignments, releases, etc. Ada News office.

THE WETS TAKE COURT ROUTE IN OKLAHOMA

By News' Special Service

CHICAGO, July 25.—Petitions for a referendum on the prohibition constitutional amendments will be filed within 24 or 48 hours in Maine, Michigan, Missouri and Nevada, according to announcement last night from the western headquarters of the Association Opposed to National Prohibition. The referendum right, because of conflicting court decisions, is expected to be taken to the United States supreme court as well as the constitutionality of the amendment, according to Levy Mayer, counsel for the association on the referendum matter.
Referendum petitions have been filed in Ohio, California, Colorado, Arkansas, Oklahoma, Nebraska and Washington and court action is contemplated in Arkansas, Oklahoma and Washington, where the petitions have been held up, the statement said. In Oregon, Utah and Idaho, the courts have held that the right of referendum does not apply to a resolution ratifying a constitutional amendment.

VAT DYNAMITERS ARE TRACED BY HOUNDS

By News' Special Service

WILBURTON, Okla., July 25.—Bloodhounds brought here from McAlester yesterday to trace the men who dynamited three dipping vats near here, led the officers to J. E. Graham, Leonard Mosyeller and L. E. Loveless, who were placed in jail. Graham was asleep in a wagon at home of Charles Newsom near here, and two other men were found at the home of Loveless, east of Wilburton. The shoes worn by the three men are said to correspond to the tracks leading away from the dynamited vats.
Seventeen dipping vats have been blown up in this vicinity this year, yesterday's incident being but one of the series.

THREE TOWNS BIDDING FOR OKLA. ENCAMPMENT

By the Associated Press

OKLAHOMA CITY, July 26.—Three Oklahoma cities—Pauls Valley, Chandler and Oklahoma City—are bidding for the annual encampment of the Oklahoma National Guard. The encampment will be held during the last two weeks of August, it was announced by Adjutant General Barrett.

One Thing More

Most car owners know that this is the place to have their batteries tested with a hydrometer.

—That it is the place to buy a Bone Dry Battery with Willard Threaded Rubber Insulation—which carries with it the evidence of battery newness.

—That it is the place to come for battery charging, repair, and a rental battery.

But, one thing more—it is the place to come, just as soon as you buy your new car, to have your battery registered and get the benefit of Willard 90-day battery insurance.

Drive in, whether you have bought a new car or not. Perhaps we can give you some battery information that will mean longer life to your battery and fuller use of your car.

We distill our own water. Battery Inspection Free.

On each bottle is plainly printed, "Money cheerfully refunded if not entirely satisfactory," and your own local druggist will let you try Rich-Tone on this money-back guarantee.

One user says, "I was run down after a bad case of 'flu.' Was in bed four months and under the care of five doctors, had nervous prostration and could not sleep and ate very little. I got a bottle of your wonderful tonic, Rich-Tone, and am now eating three times a day and I sure sleep sound. I can't say enough for your wonderful tonic, Rich-Tone. It is worth its weight in gold. It has saved me \$50 or \$60 as I was going to Mineral Wells but I do not need to go now, thanks to Rich-Tone."

Rich-Tone makes more red corpuscles, enriching and purifying the blood. It contains all of the elements that are needed most in maintaining strength and vigor. Rich-Tone rests the tired nerves, restores appetite, induces healthful sleep—it gives you all those things which mean energy and well-being. Get a bottle today on our money-back guarantee. Sold locally by Gwin & Mays Drug Co.

REV. LUTHER ROBERTS IS EXPECTED TO DIE

Word has been received by Reuben M. Riddle, that Rev. Luther Roberts, formerly pastor of the First Methodist Church at this place, is seriously ill at Cuero, Tex. An operation has been performed, revealing the fact that there is a cancer of the stomach, which means that recovery is impossible. The operation, performed about two weeks ago, was successful in staving off death for a short time.
Rev. Roberts has many friends in Ada. While here he was popular both as a pastor and as a citizen. He stood high in church circles and was considered one of the strong men in his denomination.

If you can't prickly ash Bitters, it purifies the stomach, liver and bowels and fortifies the body to resist the depressing influence of summer heat. Price \$1.25 per bottle. Gwin & Mays Drug Co., special agents.—Adv.

FARMERS COTTON MILL CO. HAS A NEW MANAGER

E. J. McKinney of Ada has arrived in Madill to assume the management of the Farmers Cotton Oil Company, succeeding Mr. Wingo who has gone to make his home in California. Mr. McKinney was the cashier of the First National Bank of Ada and the right hand man of P. A. Norris previous to his enlistment and service with the A. E. F., with which he was associated for twenty months.—Madill Record.

TRAVELERS SAY BYNG
BRIDGE IMPRACTICAL

Trouble was witnessed at the Byng bridge yesterday. The river went on a rampage it seems and the water rushed in torrents over the big concrete structure so that autos could not pass. It is said a

flow 250 feet in width was washing over at the south end of the bridge and another flow fifty feet in width was going over at the north end.

Mr. A. T. Boggan of Ada, who was in a Reo roadster reports that he could not cross from Seminole county into Pontotoc for fear the water would carry the car into the Swift stream below. Mr. Boggan had to employ eight men who are at work on the road near the bridge to walk beside his machine and steer it across the stream. Another traveling man who had waited on the north end of the bridge from early morning also came across in the same manner. Mr. Boggan states that the bridge is strong enough beneath but that it won't do the work when the river is up like it was yesterday.

Make good to the Lord on that resolution you made to live for Him and come to Sunday school at the First Baptist Sunday school Sunday. He is patiently, anxiously watching you.

It will pay you to watch the Want Ad columns of the News.

SHIN SALVE is the Favorite!
Remedy for All Skin Ailments!

War Tax 2c

PRAISE FROM
GRATEFUL USERS

It affords me great pleasure to tell people what wonderful results I got when I used SHIN SALVE. I spent thousands of dollars and was still on crutches when I tried SHIN SALVE. The first box did not seem to affect much change in the large ulcer on my ankle. But after using two or three boxes, I soon began to notice the change. After a few weeks I threw away my crutches, used a cane for a day or two and now I am as active as any man in this country, thanks to the wonderful healing properties of your marvelous salve. I thank you again and again.

Gratefully yours,

JAS. E. WEBB,

Ada, Okla.

It is my duty to announce to the world that SHIN SALVE healed a sore on my leg which troubled me for thirteen years.

—DILL T. PITTY,

Ada, Okla.

SHIN SALVE certainly proved satisfactory. A number of people are asking me to be agent for it.

—MAHIALA MARKS,

Nighton, Texas.

I suffered with an ulcer on my nose for two years, getting no relief until I tried SHIN SALVE. After using about one-tenth of a regular box, the ulcer was entirely healed.

—J. C. VANHOCK,

Ada, Okla.

Believe the salve is going to cure my sore leg. It is almost healed up now.

—MRS. MARTHA HESTAND,

Maramec, Okla.

I want all suffering people to know that I suffered from a Shin Sore for two years, getting no relief. After using many remedies I was induced to use SHIN SALVE which absolutely healed my leg.

—LOUIS KEITHLEY,

Ada, Okla.

Let everyone come and be on time.

6:30 sharp.—Lonnie Warr, captain Group No. 1.

First Baptist Church.

We had 349 in Sunday School last Sunday morning and were delighted. We are hoping to have 400 tomorrow. We can have that number if half the membership and their families will come. Let's show our faith by our works. If you have made a new resolution to live closer to the Lord, come to Sunday School next Sunday and begin right away to prove it. If you have surrendered to Him come and unite with the church Sunday morning.

The Sunday School will meet promptly at 9:45 and will dismiss in plenty of time to get to the tabernacle for the services there.

The B. Y. P. U. will meet at 7 p. m. We are exceedingly anxious for all our young people to stand for this organization right along.

They cordially invite all young people to come and join. Mr. Bell of the Oklahoma State Bank is the president.

Let every member of our church be at all the services Sunday at the tabernacle. Brother Ham is the greatest preacher Ada has ever had and we have a wonderful opportunity in hearing this God-sent man.—Clyde Calhoun Morris, pastor.

First Presbyterian Church.

Sunday School at 9:45 a. m. Dr. J. M. Gordon, Superintendent. You will miss an interesting school if you fail to be present. The Men's Class taught by Hon. Luther Harrison is growing in membership and interest and all men are invited to become members of the class. Let's make it an "A Double A" class. Mr. Gwin is President and Mr. Foster secretary.

Christian Endeavor at 7:00 p. m. All other services of the day will be at the Tabernacle. Let us do our full duty toward making the evangelistic campaign a great success. How will we answer in the day of judgment for our failure to do all we can possibly do for the salvation of Ada—her boys and girls, young men and women, fathers and mothers? It is the hope and prayer of the pastor that every member of this church will line up on the side of right and Jesus Christ and get into the battle for real, vital, effective Christian living. "If the Lord be God, follow him; but if Baal, then follow him." "Choose ye this day whom we will serve." "Seek ye first the kingdom of God, and his righteousness." "He that winneth souls is wise."

George Wesley Beck, minister; residence, 107 E. 14th; telephone 232.

First Christian Church.

Second Block S. Broadway.
We had a good Bible School last Sunday considering the hot weather. A larger attendance is desired for next Sunday. A welcome awaits all who come.

Following the Sunday school the Lord's Supper will be observed, the offering received, and an opportunity given any one to become a member of the church or make the good confession of faith, afterward to obey the Lord in the divine ordinance of baptism. Last Sunday Morning we had the pleasure of seeing one young lady, Miss Sarah Tunnell, make the good confession. She and her sister, Francis, were baptized Monday evening. Also on Sunday morning Miss Jane Gibson of

Orth. Texas, took membership with the church. There are many others in Ada who ought to put their membership in the local church. Why keep your membership in some church where you cannot attend? The Ada church needs you, and you need the Ada church. All such persons are urged to place their membership in the local church at once. Let us make Sunday morning a happy one by many uniting themselves with the Lord's work.

The "L. of J." will meet Monday evening at 5 o'clock. All are requested to be present.

The Teachers' Training Class will meet Monday evening at 7:30 and the Workers' Conference at 8:30. Every officer and teacher should be present at this meeting.—C. V. Dunn, minister.

UNJUDGED SINS
CAUSE ALL WARS

(Continued from Page One.)

life and sickness and afflictions will surely come upon you. Unjudged sins create the need for hospitals, nurse and doctors. You could prevent the bulk of your diseases and surgical operations if you would judge your sins and put them away.

"Wink at sin and you will reap a harvest from that sin as a seed. Is there a man here who has tolerated sin either in himself or another? Judge every sin in your life and live. Judge your sins tonight. If you have sinned before men, then confess before men or your Father will be ashamed of you in the great day of judgment. If your sin has been before God alone, then confess to God in secret and go in peace. Refuse to judge your sins and perhaps affliction may wait a season, but it will come upon you and your loved ones. Judge now and come clean with God before men.

BEBEE FARMER TELLS STORY OF GOOD CROPS

That good crops exist in the northern portion of the county is a certainty, according to the statement of H. H. Bethel, a farmer who lives near Bebee. Mr. Bethel was in town today and informed a reporter that in spite of the dry weather his section will make good crops. He is confident that his early planting of corn will make fifty bushels per acre, and the later seeding will yield a fair crop even without another rain.

Mr. Bethel stated that he is still able to plough up moist dirt in his cotton, though it has been some time since rain has fallen in his community. This, he believes, is due to frequent and thorough plowing, keeping a soft mulch on top of the ground at all times.

The hilly section of the county back toward the Canadian is one of the best farming portions of Pontotoc county, and this year, as usual will produce a good crop.

COUNTY CLERK WILL
FURNISH PETITIONS

Milton Garner told a reporter for the News yesterday afternoon that he was ready to furnish petitions to people all over the county who want to circulate them asking for an election to vote the bonds for an up-to-date court house and jail for Pontotoc county. It is necessary before the election is called for 25 per cent of the qualified voters taking part in the last general election to sign petitions addressed to the commissioners' court asking that body to call the election. It is said this means 1200 names must be secured.

Pontotoc Garner is county clerk of Pontotoc county. His office is one of the worst to suffer because we have no court house. His office is just north of the jail and the force working for him get the benefits of all the putridity arising from that ancient edifice. Neither does the clerk's office have any light to speak of and artificial light must be used throughout each day. There is no lavatory connected with the clerk's office and naturally Mr. Garner is an enthusiast on the court house proposition. He will gladly supply petitions to those who want to circulate them in their different communities.

Captain Sam H. Hargis spoke to the reporter on the court house issue yesterday. The captain stated that he was not as a rule in favor of bond issues, but on the court house proposition he positively was in favor of it and would be glad to sign a petition asking for the election as soon as the petitions are put out.

Another man to talk is F. J. McFarland, proprietor of the Harris hotel. Mr. McFarland states that it is simply a shame that the court house has not already been built and he hopes to be one of the first to attach his name to the petition when circulated asking that the election for the purpose be called. McFarland says by all means let's build a court house and build it now.

Gary Kitchens, mayor of Ada, when approached on the subject yesterday, said: "I don't think the commissioners should waste any time waiting on this proposition. There could be no better time than now to act on the court house matter and I hope the election will be called at once. The county is well able to build the court house and jail and I don't think that money could be spent better. The county values are growing, we are advancing in all lines. I don't think there

could be a more opportune time to build a court house than now. The interest on the bonds will amount to but little more than is now paid out in rent and we cannot afford to wait any longer on this proposition.

"I was at Stonewall today and talked with several farmers in that part of the county. Every single one of them was in favor of the court house bonds, and I believe if put up to the people the court house will be built with little if any opposition."

Robert Wimbish, one of the leading attorneys of the Ada bar, stated that he was for the court house any way it could be secured. He says that Pontotoc county was far ahead of other counties in all war activities; that she is known as one of the most progressive and patriotic counties in the state in all lines, and yet she is in the laughing stock of the state because of her lack of quarters in which to carry on her county business. Mr. Wimbish says he hopes all his friends will sign the petitions calling for an election on the court house proposition when they are brought around.

The sheriff's office announces that they have had the steel cage in which the prisoners are kept in jail building painted this week. This will add much to the attractiveness of the jail and take away some of the stink which has been arising from the building.

It looks as if everybody in town

is in favor of the proposition to build a court house and jail. The reporter who has been detailed to test the sentiment of the people on the proposition has been unable to date to find a man or woman who is against it. It seems to be one proposition that they all favor.

Thanks, Mr. Aldrich.

C. S. Aldrich and his good wife who run the Lakeview Poultry Farm southeast of the city have the best wishes and everlasting gratitude of the editor by reason of the fact that they presented him yesterday with an enormous watermelon raised on their truck farm which they operate in connection with the poultry plant. This locality is especially adapted to watermelons and the one presented by the Aldriches is an elegant specimen.

Unique Austrian Coin.

W. M. Crowder, father of L. J. Crowder, popular barber of this city, was in the News office this morning and showed us an Austrian coin that was quite a curiosity. It was about the size of an American dollar and bore date of 1780. It showed much wear and had been punched, supposedly for the purpose of making it into a watch chain or something of that sort. It bore the Austrian coat of arms and various inscriptions which were unable to translate.

ITCH!

A WAR-TIME ILL THAT'S SPREADING
HUNT'S SALVE CURES IT!

BRED in the war trenches of Europe, a wave of ordinary ITCH is spreading over the country. This skin disease, history shows, has always prevailed, following wars and the concentration of armies. It was common during the Civil War and following the conflict. There was an epidemic of the itch after the Spanish-American War. Now history is repeating itself after the great European struggle.

Returned soldiers and those with whom they come in contact will find a recognized remedy for the Itch in Hunt's Salve, commonly known as "Hunt's Itch Cure." Many a veteran of the late '90's will testify to its merits.

If directions are followed HUNT'S SALVE will prove a never failing cure for all forms of the Itch, and your druggist will tell you so. He sells HUNT'S SALVE under a strict guarantee to refund the purchase price to any dissatisfied user.

A Medford, Oklahoma man, among thousands who have used Hunt's Salve, says: "Some people dislike to call it the Itch, but candor compels me to admit I had it badly. Your Hunt's Salve, however, cured me after many other remedies had totally failed. One box cured the cure—the first application afforded wonderful relief. My advice to those who have to scratch, is to use Hunt's Salve."

Hunt's Salve is especially compounded for the treatment of Itch, Eczema, Ringworm, Tetter and other itching skin diseases and is sold on our guarantee by all reliable drug stores, or it will be sent direct by mail if your local druggist cannot supply. Price 25c per box.
